

## Updated Office Hours

April 1, 2020

Due to COVID-19 the Washington County Department of Veteran Affairs office will not be offering in-person services until further notice. We are available to assist via phone, email, and mail.

Call 724-228-6865 for assistance and please leave a message if prompted. We have very limited staffing in the office, but messages are checked regularly during business hours and forwarded to those working remotely.

Thank you for your patience and stay safe!
