

# TRUCK TO TRUNK

Drive Thru Model by Greater Washington County Food Bank

## WHAT IS TRUCK TO TRUNK?

Truck to Trunk is a supplemental food assistance model initiated by GWCFB in an effort to provide convenience, food safety, and freshness of products to the clients we serve. How does it work?

## STEP 1 DRIVE

to the your designated Truck to Trunk destination. Destinations listed at [gwcfb.org/truck-to-trunk](http://gwcfb.org/truck-to-trunk). Unable to attend? Assign a proxy ahead of time and complete the form online at [gwcfb.org/pantry-proxy-forms](http://gwcfb.org/pantry-proxy-forms)

## GET IN LINE STEP 2

Drive right up to the truck and GWCFB staff/volunteers will load your box directly into your trunk. Space in the trunk must be available for boxes to be loaded.

## STEP 3 HEAD HOME

Once you you work your way through the line, you're good to go! Truck to Trunk provides the convenience of not even leaving your vehicle and the safety of minimizing contact with yourself or your food.

Dear friends

In this time of rapidly changing realities for so many of us, we want to make sure that we are keeping you up to date on the information you need, whether it is about food for you, or how to help. This email addresses operational updates on our Truck To Trunk drive thru distributions for April.

We have identified 10 sites we are using, along with dates, for April's food distribution. Please note that a separate plan is in place for delivery to senior and high-rise residences. Our clients will receive personal confirmation that details when and where they will get their food assistance. For those who are participating in Truck to Trunk, we just ask that you show up with a clean and empty trunk. If you need to, you can have a proxy pick up the food for you. Information on that and the answers to many other questions you may have can be found on our website ([www.gwcfb.org](http://www.gwcfb.org)). We strongly encourage you to check that page for updates and to follow our social media.
